## LOCATION

Central to renowned universities / institutions (Columbia campuses at Morningside and Manhattanville, CUNY Advanced Science Research Center), local businesses, and world-famous attractions.

Convenient to 5 subway lines (one block from 1/A/B/C/D trains) and the Metro North.

Around the block from current location in Sweets Building.

## OUR SPACE

Fully furnished private office and lab space and access to shared equipment, non-lab amenities, conference rooms, and phone booths.

Unlimited 24/7 access to cell-culture incubators and hoods, benchtop centrifuge, autoclave, chemical fume hood, microscopy, multiple cold storage spaces, and biohazard and chemical disposal

## OUR COMMUNITY

Work alongside fellow scientists, researchers, and entrepreneurs in the thriving intellectual hub of West Harlem.

Become neighbors with Volastra Therapeutics, company looking for novel approaches to treating cancer.

Make connections within the Factory District, and neighboring innovators at Columbia, CUNY, and Harlem.

## OUR MEMBERSHIP

Membership fee includes:

- Fully furnished private office and lab space
- Access to shared equipment
- Biohazard and chemical disposal
- Additional company members at the space
- Access to non-lab amenities
- Access to conference rooms and phone booths
- Real-time shipping support

No equity asked.

Straightforward application process.
